1. In the Viking Training Program, Hiccup and Fishlegs are instructed to board a peacable fishing boat. But Hiccup and Fishlegs accidentally board a Roman ship and save a TINY little dragon name ziggerastica who will give them one sort of "wish", or you can say " help them *once* at any time."
2. They overhear the Romans *secret* plan... TO STEAL EVERY SINGLE DRAGON ON BERK!!!
3. The Romans take Hiccup and Fishlegs because their master said he is skinny and the type of person that would be look over in a crowd. Since Hiccup and Fishlegs are both skinny, they took them both. (Hiccup is the heir of his tribe)
4. Hiccup and Fishlegs are thrown into a dungeon with the heir of the other tribe. Her name is Camicazi. They are supposed to practice for the circus where the Romans will watch them die. On the day of the circus, Hiccup, Fishlegs, and Camicazi are thrown into a pit of SHARKWORMS! (SHARKWORMS are no laughing matter)

Resolution: (How the problem is solved):

1. They escape back onto their boat in the nick of time.
2. When Fishlegs and Hiccup get home, they find the Romans disguised as another tribe. And according to the plan, the Romans were supposed to steal the heir of their tribe (disguised as the other tribe) to start a war. That way, they can steal they dragons with ease. So, Hiccup and Fishlegs know what to do.
- 3./4. Hiccup asks Ziggerastica and his army to lift him in the air and make him look like a god. Since Ziggerastica and his army are so TINY, everybody thinks he's a god so they let Camicazi, Hiccup, Fishlegs go.
5. ... When Hiccup, Camicazi, and Fishlegs tell what really happened and set peace in between the two tribes. Then everybody is happy...
